Name: _____ Class: _____

Biome Webquest

Date: _____

A **biome** is a large area with specific climate, soil, plants and animals. Each type of biome can be found in different parts of the world.

Biomes are the fifth level of biological organization:
1) individual 2) population 3) community 4) ecosystem 5) biome

*You will use the the **Marietta College Department of Biology and Environmental Science's Biomes of the World** web site to fill in the table below: **http://www.marietta.edu/~biol/biomes/biome_main.htm***

Biomes	Location	Weather	Plants	Animals
Tundra				
Boreal Forest				
Temperate Forest				
Tropical Rain Forest				
Grassland				
Desert
